

Application for Approval to Operate an Unmanned Aerial System

The Environmental Health & Safety Office (EHS) grants permission to operate an Unmanned Aerial System (UAS or drone) from, on or over George Mason University facilities or property in accordance with University Policy 1414. Completed applications should be emailed to safety@gmu.edu. A completed application does not constitute permission to operate a drone. EHS will request additional information or provide written approval via email. Questions regarding this process should be directed to EHS at safety@gmu.edu or (703) 993-8448.

Required Information

Name of Applicant (First, Last):	
Department/Organization:	
Unit:	
Direct Phone Number:	
Direct Email Address:	
Status:	<input type="checkbox"/> Student <input type="checkbox"/> Faculty <input type="checkbox"/> Staff <input type="checkbox"/> External Organization
