

Face Covering Procedures – Supplemental Information for University Policy 1415 Introduction

The following procedures supplement University Policy 1415 – COVID-19 Public Health and Safety Precautions – Face Coverings. The university has implemented a tiered face covering strategy that allows flexibility to respond to conditions as they change nationally, regionally, and on campus. Five tiers are broadly defined below and outlined in greater detail in subsequent sections

Face Covering Level	Face Covering Requirements
I-Red	<ul style="list-style-type: none"> Indoors in all University Facilities (i.e. indoor or enclosed spaces including buildings and vehicles) Outdoors at Events or where physical distancing cannot be maintained In University owned or operated mass or public transit vehicles when others are present (e.g., Mason shuttle, van pool vehicles, university owned vehicles with multiple passengers)
II-Orange	<ul style="list-style-type: none"> Indoors in all University Facilities (i.e. indoor or enclosed spaces including buildings and vehicles) In University owned or operated mass or public transit vehicles when others are present (e.g., Mason shuttle, van pool vehicles, university owned vehicles with multiple passengers)
III-Yellow	<p>Face coverings are OPTIONAL except as follows:</p> <ul style="list-style-type: none"> In health care facilities or designated waiting spaces for health care patients (e.g., Student Health Services, COVID testing sites, Intercollegiate Athletics training and medical facilities, Peterson Population Health Center) Students in quarantine and isolation as instructed by Student Health Services In all indoor classes and labs In University owned or operated mass or public transit vehicles when others are present (e.g., Mason shuttle, van pool vehicles, university owned vehicles with multiple passengers)
IV-Blue	<p>Face Coverings are OPTIONAL except as follows:</p> <ul style="list-style-type: none"> In health care facilities or designated waiting spaces for health care patients (e.g., Student Health Services, COVID testing sites, Intercollegiate Athletics training and medical facilities, Peterson Population Health Center) Students in quarantine and isolation as instructed by Student Health Services
V-Green	<p>Face Coverings are not required.</p>

Exemptions from Face Covering Requirements

For all individuals who are required to wear a face covering (see corresponding Face Covering Level as outlined above) a Face Covering is not required in the following situations:

- a. When eating or drinking;
- b. When seeking to communicate with a person who is deaf or hard of hearing, for which the mouth needs to be visible and a clear Face Covering is not available;
- c. When a person has received an accommodation from the appropriate University office because of a disability that prevents the wearing of a Face Covering;
- d. When a person is experiencing significant trouble breathing, or is unconscious or incapacitated;
- e. When a person is in need of University or medical services, the Face Covering may be temporarily removed, if necessary to receive the services;
- f. When in a resident's assigned space with no guests (i.e. a student not assigned to the space) present;
- g. In communal residence hall bathrooms when engaging in personal grooming or hygiene activities;
- h. When alone in a private, enclosed space (e.g., an individual's office, private rehearsal space);
- i. When swimming or engaging in other water-based recreational or athletic activities;
- j. When actively engaging in required skills instruction or intra-squad scrimmages as part of an approved and sanctioned Club Sports, Intercollegiate Athletics ("ICA") team practice or when actively playing in a Club Sports or NCAA sanctioned athletic competition;
- k. When necessary to participate in a religious ritual; and
- l. When engaging in a performing art that requires the use of the mouth or unrestricted breathing (e.g., playing a wind instrument, singing, acting, or dance) as part of a University sanctioned performance, or as part of a group rehearsal conducted in the scheduled performance space. Masks (or Singer's Masks) and/or wind instrument bell covers are required for classrooms, practice rooms, or other non-performance spaces where multiple individuals are present

Access to Face Coverings

The university will provide Face Coverings to Mason students, faculty and staff. Individuals may elect to use their own face coverings provided they meet the requirements for Face Coverings stated below in the Definitions section.

Face coverings are available through the university; face masks can be picked up from Fenwick Library COVID testing site. Branded face coverings can be purchased for situations where branded face coverings provide benefits to the institution with prior approval fiscal services; contact (703) 993-2660 for approval.

Proper Use of Face Coverings

1. Face Coverings must cover both the mouth and the nose of the wearer. Face Coverings that feature an exhalation valve that allows for external air flow may not be worn.
2. Face Coverings must not be shared with others.
3. According to CDC guidance, an effective cloth face covering will:
 - a. Fit snugly but comfortably against the sides of the face;
 - b. Cover both the mouth and the nose of the wearer and secure under the chin.
 - c. Be secured with ties or ear loops;
 - d. Include multiple layers of fabric;
 - e. Allow for breathing without restriction; and
 - f. Be able to be laundered and machine-dried without damage or change to shape
 - g. More specific guidance can be found in the **CDC's Use of Cloth Face Coverings to Slow the Spread of COVID-19 guidance.**
