

Policy 1128 Procedures

A. Exemption Procedures

- 1) Request space reservation through official university system noting request for exemption from Amplified Sound Policy 1128.
- 2) If use of Amplified Sound has the potential to (1) exceed 65 decibels at the property boundary; (2) occur outside time frame limitations; (3) disrupt university academic, administrative, or public operations; or (4) otherwise violate Policy 1128 an exemption must be given *before* event approval and space reservation confirmation.
- 3) Regardless of where the space reservation originates, the request must be submitted to University Events who will initiate review in consultation with the appropriate academic and administrative offices as necessary.
- 4) If consultation yields approval and/or modification to meet approval, University Events will notify the requesting organization, as well as University Police and other impacted entities.
