

Principal Investigator (PI) Eligibility Exception Form

Requesting Individual

Department

Current GMU Position

Exception requested for

GMU employee not in an eligible position

Prospective member of faculty or postdoc with an offer of employment

Not a GMU employee

Other

Internal PI

Justification for the eligibility exception

Discuss (a) the Requesting Individual's qualifications and research competence; (b) how the project for which the exception is being requested is in the best interest of the university; and (c) how the project provides support for graduate students and/or postdocs to conduct research, and/or participation of undergraduate students in the research, or else justify why support for students is not a component.

Space and Facilities

Confirm that space and facilities needed for the project can be assigned without detriment to the regular instructional and research responsibilities of the University

Signatures

Under the terms of this agreement, if an eligibility exception is granted under **University Policy 4012: Principal Investigators**, the requesting individual shall be entrusted with all of the responsibilities and obligations incumbent upon Principal Investigators

Signature of Requesting Individual

Signature of Chair

Signature of Dean
